ADOPT A U.S. COAST GUARD STATION FORM

Adopt A U.S. Coast Guard Station (please print & mail to address below)

By adopting a station(s), you are supporting the educational and morale programs at the bases and on Cutters around the nation. Your gift will help Coast Guard personnel learn about their heritage and the history of their service. You would be surprised how many members of the Coast Guard are not aware of their long-standing history and traditions of saving those in peril on the water.

We will send a special notification to each of your stations or Cutters to let them know of your generosity. Then throughout the year, they will enjoy all publications available to members. If you want your gift to remain anonymous, you can do that too! All we need is the name of the station or Cutter and what city and state it is located in and we will do the rest.
